

THINKING OF SPONSORING A CHILD?

IODR - be a part of it

Registered Charity No: 1108329

Read how for just a small monthly amount you can help bring health and opportunities to children in poor communities

There are 600 million children who live on less than 70p a day - that's ten times the UK population. Acute poverty is depriving children of good health. They are dying needlessly from malnutrition, and avoidable infections or diseases spread through contaminated water. Their lack of education means they have little opportunity to learn skills which could help them find meaningful and long-term employment. Without help today these children may never have the chances that can improve their lives. That's where you can make a real difference, by becoming an IODR child sponsor. As an IODR sponsor you can help give whole communities more chances, more choices and better opportunities in life.

As a sponsor, you can help more children realise that potential

For every one child sponsored, another nine people in that community benefit. We talk to community leaders, parents and the children themselves to find out what they need most. It could be access to clean water, a school for both boys and girls, a medical centre, or an income-generating scheme so that families can earn a living. There are no simple solutions. Whatever help IODR provides, it is planned carefully and aims to support lasting improvements in people's lives. Children represent the future and we believe sponsorship is an ideal way to help communities.

Sponsorship helps build strong communities for the future

A child can only realise their full potential in a thriving community that has the skills and resources that bring self-sufficiency and dignity. So we work with whole communities - including the children themselves - to make lasting improvements to their future.

SHARE SUCCESSES, BECOME AN IODR SPONSOR TODAY

Sponsorship is real people helping real people, and gives you an insight into a culture very different from your own. IODR is an accountable charity, so sponsors receive annual progress reports from field officers and updates on successes - and any setbacks.

These reports keep you up-to-date with projects you have helped IODR achieve, so you can see the difference you are making.

Many sponsors will want to exchange letters and drawings with their sponsored child. This can make a real difference to children's self esteem and confidence, as well as helping to build strong personal link over the years.
